Floodlight 8000

## Floodlight 8000

The floodlight is designed to replace a standard halogen lamp. The floodlight is produced with the latest in LED technology that assures a long lifetime and low energy consumption. With its low maintenance costs it will serve itself economically in a short time. The housing is in coated stainless steel AISI 316. It's also **CE**-approved and reaches the **RoHS** requirements.

The lifetime of the LEDs is 50.000 hours which corresponds to approx. 22 years with 6 hour burn time a day. The energy consumption is 100W and it can be compared to the power of a 500W halogen lamp.

**That means a saving of 80%.**

<b>Consumption</b>	100W
<b>Dimensions</b>	330 x 300 x 70 mm
<b>Beam angle</b>	60°/120°
<b>Color</b>	3000 - 6000K
<b>LUMEN</b>	8000
<b>Lifetime LED</b>	50 000 hours
<b>Density</b>	IP67
<b>RA</b>	>82
